

PINE COULEE BULLS, LLC.

BULL SALE

MARCH 10, 2025

WAGON BOX RANCH • HARDIN, MT

LUNCH 11 A.M. • SALE NOON, MOUNTAIN

>Welcome!

It is with great appreciation that the Stampfel and Carrel families welcome you to our annual bull sale. We enjoy the opportunity to see our customers and friends and visit about your operations and specific genetic needs. We take being your seedstock supplier very seriously. Producing performance oriented bulls that are backed by superior maternal genetics is our goal.

The older bulls (Lots 1-45) are turned out for the summer, developed on rough, dry country then brought in to be performance tested. They have not been over fed in a lot the entire time. They are sound and ready to go to work. As usual, these bulls were developed on a high roughage ration. All bulls are performance tested, semen tested, freeze branded, BVD tested and foot rot vaccinated. Every bull in the sale has been DNA tested for parentage. This offering represents the top 51% of the bull calf crop.

We spend a lot of time researching sires in an effort to use genetics that fit our environment. Our never-ending quest for improvement is a passion. Our bulls are managed to be sound and not fed to excess. We appreciate bulls that sire progeny that have the ability to maximize available forage while producing a product that will push down the scale.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to fertility, feet, legs, stay-ability, efficiency, disposition, udder quality and overall structural soundness. We welcome the opportunity to give you a tour of our program.

Our sincere belief that a serious working relationship between seedstock and commercial producers, at the grass roots level, is an important bridge to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long-standing relationship with your operation and appreciate the time you have taken to attend our bull sale.

PINE COULEE BULLS, LLC

MARCH 10, 2025

WAGON BOX RANCH • HARDIN, MT

LUNCH 11 A.M. • SALE NOON, MOUNTAIN

SALE TERMS • The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS OF THE SALE ARE CASH • The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH • All bulls are fertility tested and examined for total functional soundness by Stillwater Veterinary Clinic, Absarokee, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Bulls, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calfhood vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY • Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING • Free boarding up to May 1st, 2025.

LIABILITY • All persons who attend the sale do so at their own risk. Pine Coulee Bulls assumes no liability, legal or otherwise for any accidents which may occur.

RETAINED INTEREST • Pine Coulee Bulls is retaining a 1/3 revenue sharing interest in all bulls. The new owner has full possession and salvage value. Pine Coulee would like to have the option of collecting semen at the owner's convenience and the seller's expense.

VOLUME DISCOUNTS •
5 bulls = 5% Discount
10 Bulls or more = 10% Discount

DELIVERY DISCOUNTS • We will deduct \$200 per bull if he is picked up the day of the sale. *Haul your neighbor's bull for \$200 also.*

What the **DATA** tells you

2025 Averages for YEARLING bulls:
WDA: 3.07 LBS.
ADG: 3.21 LBS

BW • Animal's weight at birth

WDA • Weight per day of age

WW • Animal's weight at weaning

WR • Weaning Ratio in contemporary group

YW • Adjusted Yearling Weight to 365 days adjusted and ratioed by breed computation.

1/8/25 WT • Actual Weight measure on that day.

YR • Yearling Ratio in contemporary group

ADG • Average Daily Gain on test from weaning to 1/8/25

Sale WT • Projected weight on sale day

Act. SC • Scrotal circumference expressed in centimeters.

Angus GS • Angus GS stands for Angus Genomic Selection. This name reflects the aim of the test to give Angus breeders and their customers a tool designed to guide whole-herd selection, mating management and breed-improvement decisions, as well as denoting the value of seedstock cattle.

\$Value Index (\$Value) • A \$Value is an economic selection index allowing for directional change in multiple traits at once pertaining to a specific breeding objective.

\$M • Maternal Weaned Calf Value (\$M), an index, expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

\$W • Weaned Calf Value (\$W), an index, expressed in dollars per head, to predict profitability differences in progeny due to genetics from birth to weaning. The underlying objective being producers will retain 20% of the female progeny as replacements and sell the rest of the cull females and their male counterparts as feeder calves. Traits included are as follows (in no particular order): birth weight, weaning weight, milk, and mature cow weight.

Claw • Claw Set EPD (Claw), is expressed in units of claw-set score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal claw set. The ideal claw set is toes that are symmetrical, even and appropriately spaced.

Angle • Foot Angle EPD (Angle), is expressed in units of foot-angle score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal foot angle. The ideal is a 45-degree angle at the pastern joint with appropriate toe length and heel depth.

BW	WW	WR	10/07/24 WT	1/8/25 WT	YR	WDA	ADG	Sale WT	Act SC
72	596	ET	1084	1472	ET	2.73	4.17	1718	40

EPDs	CED	BW	WW	YW	HP	MILK	MARB	REA
	8	-0.6	55	100	10.6	33	0.61	0.72

EPDs • An EPD is the prediction of how future progeny are expected to perform relative to progeny of other animals within the same database. EPDs are expressed in units of measure for the trait, plus or minus. Interim EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an "I", and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

CED • Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BW • Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW • Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YW • Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

HP • Heifer Pregnancy (HP), is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is the more favorable direction and the EPD is reported in percentage units.

Milk • Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

Marb • Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

REA • Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Pine Coulee Barbara 68E • Dam of Lots 1-2

FLUSH *brothers* Lots 1-2

We can't say enough good things about this soggy, moderate framed, eye-catching bull, who has held our attention since he hit the ground. Out of our foundation donor Barbara 68E, he shares her massively long, perfect design, and true muscle shape. This flush, to the big-ribbed and easy-fleshing Heritage bull, has produced multiple incredible bulls and females that we are currently using in our program.

Coleman Donna 8113 • Paternal Granddam of Lots 1-2

Sadler Heritage 10060 • Sire of Lots 1-2

Pine Coulee Heritage L800 • Lot 2

Pine Coulee Dixie Erica F202 • Dam of Lots 3-4

This deep, long-bodied, high-performance sire was the first bull we pulled into the picture pen. He is easy to be around, and even easier to look at, carrying his mass with his sire's ease. With a 0.0 BW EPD and a YR WT of 1025, he has the growth to back up his phenotype.

Blair's External Law is a bull we have used heavily, and this is the reason. L618 is a gentle, fleshy, masculine bull that has the look of a herd sire. His dam, 6102, has Juneau 807J on top and Traveler 6807 on the bottom, stacking the pedigree of this thick-made bull.

This long-bodied, complete bull extends down through his shoulder and front 1/3. He reminds me of his sire Frontier at the same age, with huge growth numbers and that powerful look we shoot for.

This correct-made bull carries himself well, extending out through his neck and has a sharp Angus head. His dam, G1, is one of the only cows we ever flushed as a heifer - she was that good, with tremendous capacity, base width and a nice square hip. This bull has a big foot with plenty of heel and shape.

This deep, square-made bull has a calm demeanor and that Renovation look—he is big-footed and correct with tremendous rib expansion. His dam Rita 032, who sold for 30K in our 2017 Ladies of the Beartooths sale, is a cow that puts her stamp on her progeny.

MW Black Nellie Rita 032 • Dam of Numerous Herd Sires and Lots 65, 116, 117 and 159

A compact, square, deep-bodied bull out of our legendary Lucy Y5 donor. Y5 was an anchor for our program, and a featured cow in the 2019 Ladies sale. Her progeny are pretty-moving, smooth made cattle and this bull is no exception.

Pine Coulee Lucy Y5 • Dam of Lot 74

What a stacked pedigree. This compact, smooth bull is an own son of our flashy G11 donor. Her dam U7 made a huge impact on our program—she sold as a highlight lot in our 2018 Ladies of the Beartooths Sale and has 5 natural calves with a BR of 5 @96, WR 5 @110, and YR 4 @108.

A stretchy, masculine bull out of a Fortunate Son cow, this bull carries the look we love to see in the pasture. He is long-spined and big-footed like his dam A37, who sold for 25K in the first Ladies of the Beartooths sale.

"Sporty" is the word we used to describe this bull on picture day. He moves easy, with a moderate frame that is packed with muscle and soundness. He carries that Hollywood 210K look—longevity mixed with style.

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Pine Coulee to arrange transportation and payment. High speed internet is required for successful bidding – be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 316-5460
